Who We Are

Established in Hong Kong in 2012, V. I. Services & Solutions is a boutique corporate services provider with over 15 years of experienced staff, and a worldwide network of agents focused on offering individualized services with guaranteed reliability and efficiency.

V. I. Services & Solutions has a well-established team of multidisciplinary professionals who work tirelessly to ensure the provision of high-quality services that guarantees clients' satisfaction.

Through its network, it provides a wide array of services ranging from corporate secretarial, legal services, immigration services, business development and financial services (in the jurisdictions where these services may be provided, according to their respective laws).

The company also offers support for regulatory requirements and administrative management in all jurisdictions, through tried and tested processes, and the timely provision of updated information, which is essential in today's ever-changing corporate regulatory environment.

What We Do

V. I. Services & Solutions offers company formation and administration in several jurisdictions, as well as bank account opening services.

Company Formation

We are available throughout the year to provide administrative management of your entities and support as required, to meet each jurisdiction's regulatory requirements and to be maintained in good standing.

Business Development in Latin America

Through our strategic partners in Latin America, we provide a holistic approach to market development services in the region. Not only are we able to obtain valuable information required to enter Latin American markets, but we also provide guidance through every phase of your project, to ensure its successful completion.

When providing these services, our primary objectives for our clients are:

- To promote and facilitate a business network that integrates Asia and Latin America.
- To provide support in the search and selection of commercial partners (distributors, commercial agents, importers, and investors) and final clients.
- To advise companies on how to protect their rights as foreign investors.
- To identify facilities to do business in Latin America, special zones or industrial parks.

We assist in Research and Development, Legal Services and Outsourcing of Foreign Trade.

Insurance Services

Through our agent in the United States, we can offer multiple insurance products that cover a wide range of risks.

Our agents provide a portfolio of worldwide products covering all traditional forms of life and medical insurance and extend to specialty risk markets such as travel insurance, contingency insurance, kidnap & ransom, among others.

Additional solutions include Liability, Fine Art, Profession, and Property insurance; as well as options such as investments with residency in the United States.

Legal Services Portfolio – Quijano & Associates

From October 2019, V. I. Services & Solutions joined forces with Quijano & Associates to become its representative office in Asia.

Quijano & Associates is a full-service law firm with offices in Panama, Switzerland, and licensed registered agent in the British Virgin Islands, Belize, and Seychelles. Now through our partnership, we can provide a full portfolio of services directly in Asia. These services include:

Admiralty and Maritime Law

Maritime

Quijano & Associates (QA) is the resident agent for a substantial percentage of the vessels registered under the Panamanian flag, which is the largest registry in the world in terms of tonnage and number of vessels. QA covers all branches of maritime affairs, including the management of disputes related to the maritime sector in Panama, and possesses a broad knowledge of the regulations and procedures of the maritime courts in Panama. Services include:

- Advisory and consultancy services in ship finance
- Ship mortgages and other types of loan security
- Ship registration and ancillary services such as transfers of ownership,
- Changes of name, registry searches, and renewal of navigation documents
- Vessel compliance with all requirements of the Registry
- Legal opinions
- Obtainment of technical certifications

Admiralty

We handle all contentious matters of the maritime sector in Panama and are well-versed in the rules and procedures of the Panamanian Maritime Tribunals. Areas of expertise include:

- Arrest of vessels
- Personal injury claims
- Cargo claims
- General average and salvage claims
- Enforcement of maritime liens

Estate Planning and Trust Service

Through Quijano Trust Corporation, which was granted its fiduciary license through Resolution FID N° 002-2006 of 9 March 2006 by the Superintendence of Banks of Panama, QA provides custody and escrow, capital management, and investment advisory services. Working closely with clients, QA creates the asset protection and estate management structures best suited to facilitate tax efficiency and meet their individual requirements.

Immigration and Labor Law

QA manages requests from individuals or companies requiring assistance in regards to regulations on Panamanian immigration laws on employment and relocation of executives and retired foreigners. Advisory is also offered to multinational companies interested in establishing operations in Panama. Likewise, clients can be assisted in processing residence permits, tourist and investment visas, and naturalization certificates. QA's broad experience allows us to offer the most appropriate response for any immigration matter that may arise.
